SUMMARY

I am a DevOps Engineer with over 3 years of experience in automating and managing cloud infrastructures and implementing modern CI/CD pipelines. I have hands-on experience with GitLab CI, Jenkins, Ansible, and Terraform, building Infrastructure as Code (IaC) and reusable modules for GCP (GKE, Cloud Run, IAM, Firewall, WIF) and Azure (VMs, Resource Groups, NSG, ASG).

In addition to my DevOps expertise, I bring strong software development skills in JavaScript, Python, LLM models, and React.js.

I have collaborated with major international clients, including Orange Group and Carrefour Group.

SKILLS

- **DevOps:** GitLab CI, Jenkins, Ansible, Terraform, Docker, Kubernetes (GKE), Helm, Vault
- **Cloud:** Azure (VMs, Resource Groups, NSG, ASG), GCP (GKE, Cloud Run, IAM, Firewall, Cloud SQL, WIF)
- **Programming / Software Development:** Python, JavaScript, Node.js, React.js, LLM models
- **Tools / Methodologies:** Git, Agile/Scrum, CI/CD pipelines, Infrastructure as Code (IaC), Containerization, Orchestration, DevOps automation, Cloud security basics

PROFESSIONAL EXPERIENCE

Devoteam (Client: Carrefour Group), DevOps Engineer (Run, Production)

Sept. 2025 – Present

- Worked on Carrefour's IO and Transport modules.
- Implemented and automated processes with Jenkins, GitLab CI, and Ansible.
- Managed and configured Vault.
- Administered Azure infrastructures: virtual machines, Resource Groups, NSG, ASG.
- Administered and troubleshooted Linux and Windows servers.
- Deployed Linux and Windows virtual machines on Azure using Terraform.

Sofrecom (Client: Orange Group), Software and DevOps Engineer

Jan. 2022 – Sept. 2025
3 years and 9 months

- Built and maintained CI/CD pipelines with GitLab CI, managing runners in dev and production environments.
- Managed cloud infrastructure on Google Cloud Platform (GKE, Cloud Run, GCS), including firewall rules, IAM policies, and network security.
- Automated deployment and infrastructure management with Terraform, including reusable GCP modules (GKE, Cloud Run, Cloud SQL, Vertex AI) integrated into GitLab projects.
- Containerization with Docker and orchestration with Kubernetes (GKE).
- Developed frontend and backend applications as a Software Engineer using Python (backend), React.js (frontend), and Node.js/JavaScript (backend).
- Technologies: Python, React.js, Node.js, Docker, Kubernetes, Terraform, Helm, GitLab CI, GCP (Cloud Run, GCS, IAM, Firewall, Google Cloud SQL, WIF), Agile, Git

TECH'UP CONSULTING, Internship

June 2021 – Dec. 2021
6 months

- Conducted quantitative and qualitative analyses of insurance migration data across multiple database structures.

Technologies: SpringBoot, Angular, Git, JPA, JDBC, PostgreSQL	
PETROSERV CATERING , Internship	June 2021 – Aug. 2021 2 months
Developed a web solution for managing invoices, staff, and administrative tasks for Petroserv Catering.	
Technologies: SpringBoot, Angular, Git, JPA, JDBC, PostgreSQL, Agile, Trello	
IOVISION.IO , Internship	Jan. 2021 – June 2021 5 months
Developed a mobile application to simplify finding services and products in various areas.	
Technologies: SpringBoot, Angular, Ionic, Adobe UI, Git, JPA, JDBC, PostgreSQL, Agile, Trello	
ACTEOL , Internship	June 2020 – Aug. 2020 2 months
Developed a web solution for enterprise management.	
Technologies: .NET, Angular, Git, PostgreSQL, Agile, Trello	

EDUCATION

ENIS - NATIONAL ENGINEERING SCHOOL OF SFAX , Computer Science	Sept. 2019 – May 2022
Focus Areas: Algorithms, AI, Cloud, Design Patterns, OOP, Advanced Mathematics, Security	
IPEIS - PREPARATORY INSTITUTE FOR ENGINEERING STUDIES OF SFAX , Preparatory cycle (PTSI), (Rank 81/980)	Sept. 2016 – May 2019
Focus Areas: Advanced Mathematics, Physics, Chemistry, Computer Science, Engineering Basics	

CERTIFICATIONS

COURSERA: Google Cloud Fundamentals: Core Infrastructure View Certificate 	2024
COURSERA: Google Cloud DevOps Fundamentals View Certificate 	2024
COURSERA: Containerize a full-stack NodeJS application in Docker View Certificate 	2024
COURSERA: Introduction to Docker: Build Your Own Portfolio Site View Certificate 	2024
COURSERA: Tracking Cryptocurrency Exchange Trades with Google Cloud Platform in Real-Time View Certificate 	2024

LANGUAGES

- **English:** Fluent in speaking, reading, and writing. Skilled in technical documentation and professional communication.
- **German:** Level A2–B1. Good basic reading and writing skills; actively learning further. Basic technical communication knowledge.
- **French:** Native
- **Arabic:** Native
